REFLECTIVE TOTE BAG "STAR SEEDER"

Reflective tote bag "Star Seeder". Be safe and #kaunastic with shining stars and Kaunas details on Your shoulder. Design by Timotiejus Norvila Morfai. In 2008 Morfai illegally added a site-specific artistic detail to the sculpture of Bernardas Bučas, and because of that illegality aspect, the stars were soon painted over. But the artwork that gains meaning after dark was so loved by the locals and visitors that after winning the Kaunas Highlights competition it was revived.
