We want everyone - young or old, sweet tooth or not - at our bakery will find something for themselves. Today we can be proud that we have a very wide range of sweet and savoury baked goods range. It is difficult to choose the most popular: every day we observe as the shelves at blazing speeds disappearing classical cinnamon buns, French Kanel, Italian cup cakes with citrus fruits, loose curd cakes, layered croissants with various fillings ... savoury pastries fans are very fond of our tease with chopped pork, as well as pride in their baking cakes, bread and

baguettes.
