Located in the heart of Kaunas Old Town, BŖHEME HOUSE offers a unique bohemian experience in an unparalleled design.

Our apartments tell different stories of interwar bohemianism art branches. You can choose to stay in one that fits you the most - from architecture and scenography to music or photography. The apartments feature original artworks, which guests can purchase or simply spend the night in an art gallery.

The restaurant serves an exceptional quality healthy and nutritious breakfast, as well as aperitifs, snacks, and tasting dinners on weekend evenings. We invite you to try the traditional five o'clock ritual or enjoy a glass of wine on the roof terrace, offering panoramic views of the entire city. For monumental experiences, we offer sommelier wine lessons and a private cinema.

For guests' convenience, we offer contactless 24/7 check-in and check-out. Within a few-minute walking distance, you can reach Santaka Park, the Old Town, and Laisvės Alėja pedestrian street, letting you discover the most beautiful places of Kaunas on foot.
