Welcome to the "Šypsenos akademija" Dental Clinic. We will be pleased if you choose us as your dental care establishment. We do not divide dental issues into small and big; after opening the door to our clinic, you will be surrounded with care and attention, and your problems will become our problems. We are ready and competent to provide you with professional dental care. In our clinic, we have done our best to employ experienced and responsible professionals, who are continuously working to improve their knowledge. They consist of highly qualified

specialists and wonderful, sincere people. You can be sure that you will always be welcome in our clinic, and we will listen to you and will hear you. We know, how important timely diagnostics and properly selected treatments are, and we will ensure that all of our treatments are performed in a fast and qualified manner, using modern equipment and the expertise of our personnel.

Our mission is your smile!
