Beauty&Wellness Medical Center (B&W Medica) was founded as a linking part for patients from abroad to our medical centres in Lithuania. B&W Medica patients are from the UK, Ireland, Denmark, Sweden, Norway, Spain, Russia, and other countries. Our medical centres provide cosmetic surgery, day surgery, weight loss surgery, orthopaedic surgery, dentistry, dermatology, and many other services. B&W Medica criteria are quality of care, quality of service, affordable price, safety, reliability, and trustworthiness.

Our clinics in Lithuania have been providing patients with exceptional results for many years at its state-of-the-art facility, complete with the most up-to-date technology, and the most experienced and dedicated healthcare professionals. Our mission is to provide quality care in a safe environment, which has earned us the reputation of being the best medical centre the region has to offer.

The most popular procedures performed in our clinics are breast augmentation, breast lift, breast reduction, facelift, brow lift, rhinoplasty, tummy tuck (abdominoplasty), liposuction, weight loss surgery (gastric bypass surgery, gastric banding, and vertical sleeve gastrectomy), joint replacement surgery (hip replacement, knee replacement, shoulder replacement).
