A Management is a company with 8 years experience in various business events. One of them is the organizing conferences and seminars both in Lithuania and abroad. A Management takes care of everything from the idea and the technical implementation to the smallest details and consulting issues. As a customer, you may not have thought about it. The company has a huge base of international partners, creators and suppliers on a European and global scale.

In the face of the COVID-19 pandemic, A Management have organized hybrid and online conferences involving globally developed and proven event platforms, technical subcontractors and broadcast partners.
