These inevitably follow geometrical archetypes, which reveal us the nature of each form. Just like Durer engraved in the Melencolia, Da Vinci in the Vetruvian Man, M.K. Čiurlionis also attempted to show the great importance of geometry in his Sonata of Stars. M.K. Čiurlionis National Museum of Art invites you to find geometrical archetypes in Čiurlionis paintings and reveal their meaning. REGISTRATION FOR A GUIDED TOUR IN ENGLISH via phone: +370 37 22 14 18, e-mail: ciurlionisdepartment@gmail.com THE ENTRANCE TO THE MUSEUM AND ALL ACTIVITIES ARE FREE!
