Gallery is temporary closed due
to Vilnius str. reconstruction.

There is a Photography Gallery at the very heart of Kaunas old town. It was opened after reconstruction in 2010. The building has approximately 200 square meters of modern space. The gallery is one of the largest and most important exhibition sites not only in Lithuania, but also in the Baltic countries, which exhibits the classical, traditional photography and innovative contemporary art projects by designing, implementing and evaluating invited talented and promising artists and critics from around the world.
