J. ŠILEIKA HOUSE

 Žalioji g. 31, Kaunas

Since 1928 an oak (or so called owl) hill, has one storied wooden villa which belonged to the painter Jonai Šileika with a pent balcony and a porch. The house was changing many times through years, but it is still possible to view general characteristics of the villa: wooden cladding, roof coating, window expansion preserved. A memorial plank with inscription: "From 1928-1960 a painter Jonas Šileika lived in that house "was fixed to the building earlier. Painter ☐ friends and sculptor J.Zikaras, who lived in the neighborhood, visited that house.
