Welcome to kid-sized Kaunas. It's still the second city in Lithuania, located at the confluence of Nemunas and Neris rivers, but customized and balanced for the smallest travelers out there. It's full of adventures, discoveries, characters, and, of course, delicious treats. During the tour, we invite you to have fun traveling

through the streets of the Old Town, the labyrinths of adventure and to get acquainted with the characters of the Old Town and the sounds of music from the Museum of National Music.
