REFLECTIONS OF KAUNAS MODERNISTIC ARCHITECTURE

Rotušės a. 15, Kaunas

+370 616 23828

info@kaunasin.lt

In 2015 Kaunas was granted the sign of European heritage and included into the list of UNESCO design cities. Nowadays - this is an exceptional inheritance, witnessing the golden period of flourishing of the city, when Kaunas as a historical capital of Lithuania developed its modernistic architecture in parallel with other European cities. Don't miss the chance of learning the phenomenon of modernistic architecture combining national and Christian style elements.
