FLUXUS FESTIVAL (SEPTEMBER 12-13, 2020)

Kaunas

www.visikaipvienas.eu

Fluxus is a never-ending movement and desire to climb, ascend, change: From temporary to contemporary. From the centre moving outside of it. From the everyday routine to the unexpected. From the square that cannot be entered to the performance that cannot be seen.

Fluxus Festival continues a tradition it started last year and invites everyone to climb Parodos Hill together in Fluxus style. At midnight, we will start our climb in the square of the father of Fluxus, Jurgis Mačiūnas, we will reach Ažuolynas, where

a part of the Mythical Beast of Kaunas will suck us in and spit into to a(n) (un)expected and (un)usual artistic action!

This is only a part of the Fluxus Festival. Kaunas 2022 community programme We, the People will turn this day into a great celebration of all Kaunasians and residents of Kaunas district as well as their friendship.
