If Lithuania is the geographical center of Europe, then "Jėgainė" is the center of attraction for energetic and enthusiastic people. We are located in the territory of "Ažuolynas" park and like a magnet we attract the visitors of the park, nearby sports club or spa center.

Restaurant "Jėgainė" is a great place to eat for those who are hungry and to recharge for those who are exhausted. Freshly squeezed fruit and vegetable juices, mashed green smoothies, crispy salads and delicious WOK dishes will give you energy and inspire you for adventure/ a good day!
